Regenerative Aesthetics

WELCOME TO IT INTELLIGENT TREATMENT

Located on Billionaires' Row, IT Intelligent Treatment combines world-class expertise with cutting-edge technology to deliver transformative aesthetic and wellness care. From personalized consultations to advanced treatments, we redefine beauty through a luxurious and innovative approach. We are more than just a typical medspa; our practice offers a tranquil oasis that delivers high-end, personalized care focusing on pioneering beauty solutions and exceptional results.

WHY CHOOSE IT INTELLIGENT TREATMENT?

Our "Educate, Treat, Repeat" method prioritizes client education, personalized care plans, and lasting results. Our team has over 200 years of combined experience, offering expert guidance in achieving skincare goals. With a focus on safety, inclusivity, and cutting-edge technology, we provide a comprehensive approach, addressing both intrinsic and extrinsic factors contributing to visible aging. Using cutting-edge technology and proprietary treatments, we create personalized treatment plans tailored to each client's unique needs, ensuring optimal results for glowing, youthful skin.

OUR TEAM

KIM LAUDATI **FOUNDER & PRESIDENT**

Kim Laudati, a Korean-Italian licensed and multi-certified medical aesthetician, brings a unique "East meets West" philosophy to skincare. Her personal journey from battling Rosacea and acne to achieving consistently great skin drives her passion for transforming others. Kim stays at the forefront of medical aesthetics through continuous education and training. She is a respected trainer of Candela® Medical laser treatments in NY and an Ambassador for Innopen Microneedling and Oxyserums. Kim's latest innovation, SomaCell™, is a groundbreaking non-surgical facelift that works with the body without causing dermal wounding.

DR. YURI CHOI, **MEDICAL DIRECTOR**

Dr. Yuri Choi, a graduate of St. George's University School of Medicine, serves as the Medical Director at IT Intelligent Treatment. Multi-certified in medical aesthetic modalities, including Botox® Cosmetic injections, Dr. Choi approaches patient care with a genuine desire to help others. Her practice philosophy combines medical expertise with an understanding of aesthetics, focusing on enhancing natural beauty while promoting overall well-being. Dr. Choi strives to make a positive impact on each patient's life through comprehensive care and personalized treatments.

DR. THOMAS SPALLA, **CHIEF MEDICAL OFFICER**

Dr. Thomas Spalla, a facial Plastic Surgeon with over a decade of experience, brings expertise from both private practice and academia to IT Intelligent Treatment. He has significantly contributed to advancing otolaryngology education and has authored numerous publications in his field. Dr. Spalla offers a comprehensive range of aesthetic and reconstructive procedures, combining surgical expertise with non-surgical treatments like SomaCell™. His dedication to innovation and patient care makes him a leader in facial plastic surgery.

SHARON,
GENERAL MANAGER

Sharon has been the esteemed and beloved General Operations Manager for IT Intelligent Treatment since 2011. All value her passion, dedication, patience, and deep knowledge of regenerative and holistic skin care. A graduate of Communications SUNY with a concentration in PR and a major in communication, Sharon is the ultimate professional. Warm, caring, generous, and incredible at what she does, we are blessed to have her.

ASMAR,
PRACTICE MANAGER

As the Practice Manager at IT Intelligent Treatment, Asmar skillfully leads a dedicated team focused on enhancing confidence and well-being through innovative holistic health treatments and the most advanced regenerative aesthetics. With over a decade of experience in New York City's spa and medspa industry, he has cultivated a strong passion for helping patients achieve their unique beauty and wellness goals. Asmar's career began in day spas, where he developed expertise in client care and operations and evolved into managing patients and high-performing teams at top-tier medspas. Our patients value the exceptional care and genuine warmth that Asmar brings to every interaction.

MELENIE,
LEAD MEDICAL AESTHETICIAN

Melenie is a multi-certified, NYS-licensed Master Medical Aesthetician who also holds her Associate's in health care and a minor in Biology. Her passion for providing excellence in skincare rejuvenation shines through in everything she does. Melenie has been the Lead Medical Aesthetician for IT Intelligent Treatment since 2011 and continues to excel in the world of clinical and medical cosmetic aesthetics. As a laser and all-around regenerative skin treatment professional, she takes the utmost care in delivering the best treatments possible.

Melenie is also a Medical Aesthetic Trainer at IT Intelligent Treatment, helping other licensed professionals reach their goals and dreams. She does not rest on her laurels, joining founder and President Kim in attending annual conventions, courses, device, and product launches to maintain the highest level of knowledge. We are proud to have her lead our aesthetic team.

MONICA,
MASTER MEDICAL AESTHETICIAN
& SOMACELL CLINICAL TRAINER

Monica is a highly accomplished master medical aesthetician with extensive expertise in both clinical treatments and clinic management. Having successfully operated her own clinic in the past, she brings a wealth of knowledge and experience to IT Intelligent Treatment. Known for her contagious passion and boundless calm energy, Monica is a dedicated professional who excels in all aspects of medical aesthetics. She also serves as a valued SomaCell Clinical Trainer, collaborating closely with Kim to ensure the seamless replication of our trademarked non-surgical face-lifting treatment across clinics.

With her skilled touch and deep understanding of diverse skin conditions, Monica is committed to helping patients achieve and maintain their skincare goals. Her personalized care and expertise make her an integral part of the IT Intelligent Treatment team.

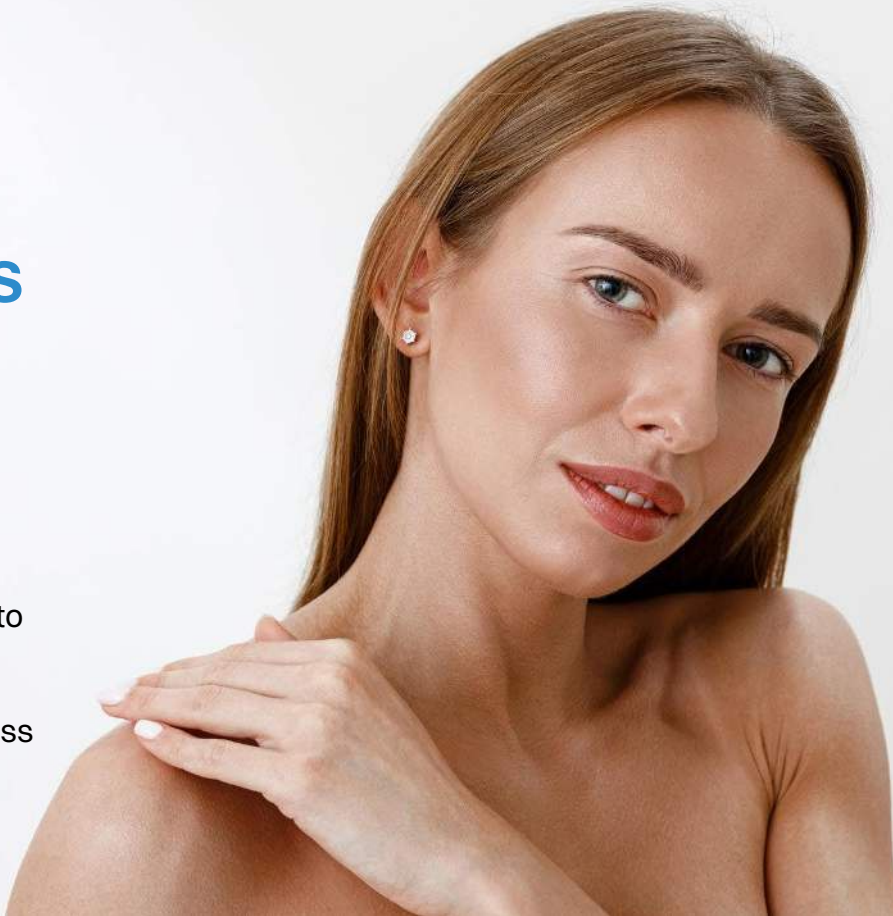

OLGA,
MASTER MEDICAL AESTHETICIAN

Olga is a highly skilled aesthetician with over a decade of experience, passionate about helping patients of all ages and genders achieve their skin care goals and feel confident in their appearance. She specializes in advanced skin treatments using cutting-edge energy-based technologies such as Laser, IPL, RF, and Ultrasound. Olga is also an expert in clinical facial treatments, including HydroFacial, Microneedling, and the full range of IT Intelligent Treatment facial services.

Her personalized approach ensures every patient receives a tailored treatment plan, complete with recommendations for an effective home skincare routine. Olga's dedication to excellence and individualized care makes her an invaluable part of the team.
